Mr. Kapp,

Per our phone conversation, EPA wishes to determine if you still have interest in the information requested in FOIA Submission 2018-005982.

For your records, the specifics of the request are as follows: 11 emails (including attachments) sent or received by any of the following E.P.A. employees that pertain to the flooding and damage of Superfund sites in Texas, Louisiana, Florida, Georgia, South Carolina, Puerto Rico, and the U.S. Virgin Islands due to Hurricanes Harvey, Irma, and Maria. This should also include any e-mails regarding actions taken in response to the flooding and damage.

E.P.A. Employees:

- o Any individual who has held the position of Assistant Administrator of Enforcement and

Compliance Assurance from August 1, 2017 to December 31, 2017, including – but not limited to – Susan Bodine.

- All letters sent or received by any of the aforementioned EPA employees that pertain to the

subject matter described above.

My request covers August 1, 2017 to December 31, 2017.

As we discussed, Superfund issues would likely not be affected by decisions or recommendations by OECA as the Superfund program is managed by OLEM.

We recommend that you agree to close this request as you are no longer interested in retrieving this information.

If you agree with our recommendation, please indicate your intent to close in response to this email. Thank you very much for your time and consideration.
